TEACH CHILDREN IN SCHOOLS ON A VOLUNTEERING PROJECT IN AUCKLAND

Teach at a school in the largest city in New Zealand, Auckland. You will be teaching at a school where the children are from underprivileged countries and communities. Many of the children come from different backgrounds and countries such as Somalia, Ethiopia and the South Pacific islands.

You will work as an assistant teacher, helping small groups of children in a variety of subjects. You may also be asked to work one-to-one with some of the children who particularly need help. This close interaction and undivided attention from you plays a very beneficial part in helping to raise their standards of education.

Thank you for your interest on volunteering in this Project. Below is a description of what you can do and expect. You can volunteer whether you're taking a gap year, on a career break, retired, or on a holiday with a purpose. No matter what your age or experience, we look forward to welcoming you to the team!

SUMMARY

PROJECT OVERVIEW

You'll work at a school in Auckland, the largest city in New Zealand. Auckland is known as the city of sails and is surrounded by beautiful islands and extinct volcanoes. There is a shortage of teachers in New Zealand so you'll really be able to help make a difference here.

You will work as an assistant to the main teacher and will get involved in a variety of subjects. We work with several schools in Auckland that are all “low decile” schools. Some of the schools have a large number of ethnic children who are classed as the under-privileged community in Auckland. There are children from many different communities and countries at the school such as children from the Maori communities and from countries such as Somalia, Ethiopia, Tonga and Samoa. These children generally come from lower socio-economic areas of Auckland.

YOUR WORK

You will have the opportunity to work one-to-one and in small groups with the children to really give them the attention they need. Class sizes vary between 20 and 30 children in each class and you will be teaching children between the ages of 4 and 17. As an assistant teacher at the school you will be involved in a number of different subjects, such as:

- Sports
- Music
- Drama
- Math
- Art
- Geography
- History
- English
- ... and possibly other academic subjects.

If you'd like to teach a specific subject that is not listed here, please let us know and we'll arrange it for you.

The lessons you'll teach generally last for 40 minutes and the school day runs from around 8:55 a.m. to 3:00 p.m. The length of your working day will be around 4 to 5 hours of teaching and preparing for your lessons.

PLACEMENT DATES AND WORKING TIMES:

You are likely to work between 8:30 a.m. - 3.00 p.m., Monday - Friday. The programme is only available during the school times, which are as follows for 2015:

- Term 1: 2nd Feb –2nd April
- Term 2: 20th April – 3rd July
- Term 3: 20th July – 25th Sep
- Term 4: 12th Oct – 15th/18th Dec

“As a trained teacher in America I was interested to see how other county's education systems are run and I was immediately taken in and accepted as part of the “family”. I got to spend time in 6 different classrooms a week working with children of different ages and abilities. I learned more about education and myself than I could have expected and I have Travellers to thank for that.

I would have never done something like this and got the wonderful experience I did without this program. I made long lasting relationships with staff members and the children really touched my life. I can't wait to get back to my classroom in America and use the techniques I learned in New Zealand!”

ACCOMMODATION

ACCOMMODATION:

You'll live in a centrally located hostel that is friendly and relaxing, making it ideal for long-term stays. You will be sharing a room with other volunteers. There is a communal kitchen and storage area for cooking meals and plenty of space to relax.

Entertainment at your accommodation includes cheap internet access, TV and free pool table. You are literally a stroll from the Sky Tower, harbor and waterfront. Accommodation is very central and close to the main train station and shopping district. Buses are also only a few minutes away to take you to parts of Auckland and New Zealand or to the many other ‘things to do’!

Food:

Food is not provided on this project, but Auckland has restaurants to suit all tastes - the most popular cuisine is New Zealand lamb which can be ordered at many restaurants around the city and is well worth it. For meals in local restaurants, a trip to Auckland's inner city centre is well worth the effort - it bustles with activity and offers a range of choices of restaurants.

THINGS TO DO IN NEW ZEALAND

LOCATION, EXPLORING AND SIGHTSEEING:

The country can be divided into the North Island, the South Island and Stewart Island, as well as many tiny surrounding islands. The North Island is typically famous for beaches, springs and bush, whilst the South Island boasts mountains, glaciers, alpine forests and farmlands.

AUCKLAND

The city centre boasts great shopping, restaurants and pubs or head over to the viaduct for more pubs, nightclubs and multicultural cuisine. You'll get to work via bus, which is close to your accommodation.

Maori settlement in Auckland was at least 800 years ago where by different tribes built their fortifications on the various volcanoes in Auckland. When the British arrived in 1840 they claimed Auckland as the capital city of New Zealand until Wellington became the capital 25 years later. The city is modern and vibrant - a fun and friendly with beautiful surrounding islands and harbour. Some of its more famous attractions include the **sky tower**, **Rangitoto Island**, the harbor, the **Hauraki Gulf islands** and the many extinct volcanoes that are in Auckland which provide great views of the city...

Climate: New Zealand has a largely temperate climate. While the far north has a subtropical summer, the inland alpine areas can get as cold as -10°C in winter. Most of the country, however, lies close to the coast, which means mild temperatures, moderate rainfall and abundant sunshine.
